An Easter ceremony in St. John's English Lutheran church, Joliet, united in marriage Miss Georgia Willa Lou Eibel, daughter of Mr. and Mrs. George H. Eibel, of 1116 E. Washington street, Joliet, and Robert W. Bookwalter, of Frankfort, son of Mr. and Mrs. Ben B. Bookwalter, of Gardner. The Rev. William J. Boldt, read the service at 2 p. m., at the altar decorated with Easter lilies. Mrs. John Giegerich sang "at Dawning" and "O Perfect Love," accompanied by the organist, Miss Joyce Giegerich.

The bride, escorted to the altar by her father, wore a ballerina length dress of white rose-point lace and nylon net, styled with a strapless bodice, short fitted jacket and accented pleated skirt. Her veil was shoulder length and she wore crystal earrings and a gold pin, an heirloom belonging to her paternal grandmother. Her bouquet was of orchids and staphenotis.

Miss Yvonne Genens, maid of honor, was dressed in a gown of pink nylon net over taffeta, ballerina length, and carried a colonial bouquet of pink carnations. The groom's best man was Don Hinspeter. Ushers were Karl Bookwalter, cousin of the groom, Norman Hossback and George H. Eibel, Jr., brother of the bride. Her mother wore a brown suit and yellow blouse and accessories with a yellow rose corsage. Mrs. Bookwalter was dressed in grey with pink accessories and she wore a pink rose corsage.

THIEVES IN GAS
STATION, NEW
LENOX 3RD TIME

Burglars visited New Lenox places of business early Monday morning. For the third time they entered Earl Schroeder's Standard Oil station. Entrance was gained in the same manner as previous, by breaking the window on the east side. The burglary happened about 1:30 a. m., and was discovered by Mr. Schroeder when he opened his place of business Monday morning.

There was nothing out of order and nothing was taken as far as could be discovered so far, and the cigarette machine was not damaged.

The burglars the same evening entered the Mel Whitaker real estate office, across the street from the Schroeder station. Entrance there was gained by breaking a window in the rear. The desk drawers were ransacked and a 38 calibre revolver and a box of shells were taken. The sheriff was notified and an investigation was made.

Workers Welcomed
In Mokena Area

Many old acquaintances are being renewed and many new ones are being made by the ladies who are out these lovely sunny days spreading the word of the Cancer Crusade in Mokena and its subdivisions.

It is most gratifying to hear of the pleasant reception being extended to the ladies carrying the red and white banners so easily recognized by their striking appearance.

Do you know that the sword on posters and informative leaflets expresses the crusading spirit of the cancer control movement? The twin-serpent Caduceus, forming the hill, emphasizes the medical and scientific nature of the society's program. Classically, twined serpents represent the healing of the sick and the creativity of the health. For 16 years progress toward cancer control, education, service and research, have literally marched forward under the sign of the cancer sword.

Each, through helpful efforts or financial aid is helping to carry this impressive sword. By giving to the Cancer fund drive, everyone is giving to themselves, for one never knows but that he may be the next victim.

Protect Annexation
Of Proposed New
Hotpoint Plant.

(CNS) The Public Service committee of the County board Monday suspended action on a petition signed by 650 voters and land owners living in the incorporated area of Cook County within a radius of two miles or less of the proposed new Hotpoint plant at 95th and Harlem avenue, objecting to the erection of the plant and to the annexation of the plant and the strip of land which lies between Harlem avenue and Austin avenue to the Village of Oak Lawn. The petitioners requested that the Board of Commissioners protect them and their property by taking such action as may be necessary to make their foregoing objections effective. The committee said that it would hold up action on the petition pending the outcome of the case in court.

Suggestions for
Rural Route Patrons

The Post Office department has designated April 27 to May 3 as National Rural Mail Box Improvement week and is appealing to all rural patrons to check their boxes and make necessary repairs and replacement.

The rural mail service is second only to the public schools as an educational factor in country districts, and the carrier's vehicle is a miniature post office on wheels that offers every service obtainable in a city post office. In return for these services the patron should be willing to help the carrier perform his services more easily and efficiently, and can show his appreciation by providing a box that meets all regulations and conforms to the rules:

(1) Have approved weather-proof box large enough to hold patron's mail; equipped with proper signal flag. (2) Have box firmly attached to rigid support, with box bottom 42 inches above roadway. (3) Box door to open and close easily. (4) Box painted aluminum or white. (5) Patron's name plainly displayed on box. (6) Box fastened to post to extend over it and allow carrier's car fenders to clear easily and provide easy access to box. (7) Box to be placed on right side of carrier's line of travel so he will not be required to cross traffic. (8) Approaches to be well drained, with ruts properly filled and to be kept free of weeds, debris, snow and parked cars. (9) Along national and state high-speed highways, especially, mail box should be placed about seven feet from edge of pavement permitting the carrier to clear traffic and eliminating the danger of accident to the carrier and the traveling public. (10) The carrier serves the box 305 days every year and if it is correctly set it saves his time so that he can serve other patrons along the route quicker.

Attention Farmers!

Illnesses, spring clothing preparations and Holy Week activities have pressed most of us for time this busy month of April. Consequently our workers who range from young mothers pushing baby buggies to gray-haired grandmothers are finding it difficult to cover Mokena and its adjoining subdivisions, in the time allotted them. Lack of sufficient time for personal contact of the many farmers surrounding Mokena necessitates our using this means of approach.

Will you help our area give its "Fair Share" toward the Will County Cancer Crusade by mailing your contribution to Mrs. George Rinke, Cancer Crusade chairman, Mokena, Ill.

Each and every contribution, acknowledged by our sending be it even so small, will be greatly appreciated, and will be you a Cancer Crusade sticker for use on door or window of your home. By displaying this sticker you will not only show you have aided this most worthy cause but you will also be helping to make others Cancer Control conscious.

SCARTH HEADS
NEW BOARD OF
EDUCATION

At the Board of Education meeting held in the Mokena public school Tuesday evening, county superintendent of schools Louis F. Bottino, presided.

He opened the meeting by explaining the provisions of the new law and the additional powers and duties of a seven man board. He also commended the old board of three members, Elmer Cooper, Lawrence Kohl, and John Scarth for their efficient service which they have rendered the district in the past. And to the new board, he stated he was sure they would have a successful educational program that would be for the good of the children and the community as a whole.

Mr. Bottino then prepared seven slips; two with one year and three with two years. These were placed in a hat and each board member drew a slip which would automatically establish the terms of service hereafter.

One year slips were drawn by Elmer L. Cooper and Lawrence Kohl; two year slips by Lawrence Kohl and Clyde Yunker and three year slips by John Scarth, Thomas Powers and Gordon Bruce.

In the organizing of the board, they chose John Scarth as president and Lawrence Kohl, secretary. The new board also requested all teachers to return as such for the coming year.

All the teachers and their principal attended part of the meeting in order to meet their new board personnel.

Lyman Teague attended the meeting as a citizen and enjoyed seeing and hearing the process of educational proceedings.

Need Another Tractor?

If you're watching the weeds grow in the corn when the haying can't wait—worrying about planting when there's still more plowing and harrowing—or wishing the manure would haul itself when the big tractor's busy... you need another tractor.

With a Farmall Cub, you can plant, cultivate, or mow 12 acres a day... rake at 3 miles an hour... haul faster than a team. And you can spray, pump, run an elevator, plow snow, saw wood, shell corn, grind feed... a hundred other jobs too small for the big tractor.

Come in and see the Farmall Cub. It may be just what you need.

IN MEMORIAM

In memory of our husband and father, John F. Koehler, who passed away two years ago, April 25, 1950.

Remembrance is a golden chain Death tries to break, But all in vain, To have to love and then to part Is the greatest sorrow of one's heart.

The years may wipe out many things But this they wipe out never, The memory of those happy days When we were all together, Not just today but every day In silence we remember.

WIFE AND CHILDREN

CARD OF THANKS

We wish to express our appreciation to the inhalator squad of the Tinley Park Fire Department and the Tinley Park Police Department for their help in saving the life of our three-year-old son, Rickey. We also wish to thank our generous friends and neighbors for their many acts of kindness, and cards.

Mr. and Mrs. Fred Funk of Chicago, visited with Mr. and Mrs. John Funk last Sunday.

Mr. and Mrs. George Hartman and children have returned from their vacation trip to Miss.

You can't afford to own a Corn Planter that Cheats!

It may cost you five bushels of corn per acre, if your planter misses only five kernels out of every hundred it should plant. Don't let an inaccurate planter rob you! Depend on a John Deere Tractor Planter that plants corn, beans, peas and many other crops with bull's-eye accuracy. Sloping hopper bottoms, natural-drop seed plates, and high-speed valves assure greater accuracy and a better cross-check.

Get the advantages a John Deere Corn Planter offers you. See us soon for complete details.

TAX FACTS

By George J. Mahin, Executive Secretary

1. When you buy a package of cigarettes, guess how much you're paying in taxes:

a. 2½¢; b. 5¢; c. 8½¢; d. 11¢

2. Since 1939' taxes and the cost of living have both increased. How much money would a married couple with two children have to earn today to be able to maintain the same standard of living they had in 1939 on an income of \$8000?

a. \$4500.00?; b. \$5500.00?

c. \$6500.00?; d. \$7500.00?

3. Ten years ago a married worker without children earning \$50 a week paid no direct federal income tax. This year an employee with the same income pays a direct federal income tax of \$

4. The debt owed by federal, state, and local governments was about 289 billion dollars on February 20, this year. If this debt were divided evenly among every man, woman and child in the United States of America, you would owe:

a. \$873.00; b. \$1373.00

c. \$1873.00; d. \$2373.00

5. Money was paid out to American families by their life insurance companies in 1951 at the rate of \$126 every second, or \$10,917,000 every day according to the Institute of Life Insurance. Proposed federal spending for the year from July 1, 1952 to July 1, 1953, would amount to:

ANSWERS

1. 11¢ per pack (8¢ federal 3¢ State of Illinois), not counting additional taxes hidden in the cost.

2. \$6500. There was no tax on the \$3000 income in 1939. The dollar in December 1951 was worth only 52.9 cents compared to the 1939 dollar.
